JAMESTOWN PUBLIC SCHOOL DISTRICT

We're very excited to share some important information about some of the features you will find in our district app. You can find it in the Android Play Store or the Apple iTunes store. We're sorry to tell you that it is not available for Windows phones at this time.

 Student Info	The STUDENT INFO icon on the top of the 2nd screen allows you to login, set thresholds of concern regarding your student and receive messages through the system when grades update or the lunch balance drops below your set amount. Please contact jps.tech@k12.nd.us to get your login and password.
 Notifications	The NOTIFICATIONS icon is on the first screen in the lower center position. The school messages will be here and above the messages will be any alerts received regarding your child if you have signed in to the Student Info area mentioned above.
 Directory	The DIRECTORY gives you a way to contact the school, map directions if grandparents are coming to town for a school event, give you a way to email your child's teacher and put a face to a name before meeting a staff member for the first time.
 Sports	The SPORTS section has three areas-News, Scores, and Sites. In the Sites area you can see what is on the schedule and where the competition will be located. If you are not familiar with the location, you can select the link and get driving directions through Google Maps.
 Resources	The RESOURCES area of the App has different information for each school. You can find school newsletters, forms, supply lists, and student handbooks among other things.
 Calendar	In the CALENDAR section you can tailor the information to meet your needs by following the schools of your choice. It is recommended to also follow the district to get that information. By selecting any item on the calendar you can add it directly to your personal calendar.
 Lunch Menu	LUNCH MENUS are available based on the school you are following and can also be individually added to your personal calendar.
 E~Funds	E~FUNDS is now in an app format through the district app allowing you to make payments from your phone or tablet.
 Tip Line	The TIP LINE is a great tool for sharing that perfect shot you capture at a school event. Sharing a special moment or a concern you may have. Tips can be submitted with your name or anonymously. Tips go to the principal of the building you select or if no building is selected, they go to the superintendent.

Jamestown 1-ND

Once you've loaded the Jamestown 1 District App, you can login on the 2nd screen and set thresholds of information you wish to receive about your student. You will want to select the top right option  to select the schools you wish to follow. Be sure to select the district office to get those announcements. Once you've logged into the A+ Student Info icon you will see your child's picture and be able to see the information in the picture to the left. Notifications will be delivered each day and can be found in the Notification icon pictured above. There are also many other nice features in the app, please search through the icons to discover them and don't hesitate to make suggestions for additional information.
